Waste management. So scroll back up to see how to vote for your local council and mayor. You as an individual have a certain responsibility but we need systemic change in our economy. We need a lot of people to go to the polls. And encourage your friends and family what is the real deal with plastics. Follow science. We want a change in our society. The problem lies in single use. We need plastic packaging free association of graduate students. We organize social events, welcome new members and if you are in trouble, we even PhDs and support you when you have problems.

DOKTORANDENINITIATIV HELMHOLTZ ZENTRUM MÜNCHEN

Dear doctoral researchers,

We are the doctoral student working groups with different focus. Every semester students of different Helmholtz centers are organized in five working groups with different focus. This year, HeJus are organized in five working groups with the DRs of their center on Helmholtz Association level. All HeJus are organized in five working groups with the DRs of their center on Helmholtz Association level.
