

CAREER TALK – 05.04.2019

FROM LAB TO CONSULTING

DR. JANA TRETTER, A.T. KEARNEY (HELENA ALUMNA)

- **09:30 – 10:30 am TALK**
- **10:30 – 11:30 am FAQs & COFFEE**

Location: Neuherberg, building 31, room 003

Dr. Jana Tretter studied Molecular Biotechnology at the TU Munich. Afterwards she did her doctoral degree at HMGU at the Institute of Structural Biology. Her PhD project focused on the establishment and the performance of a high content screen for small-molecule inhibitors of a specific cancer signaling pathway. Before she switched to A.T. Kearney in May 18, she completed her post-doctoral research at the Institute of Structural Biology. At A.T. Kearney (one of the major international management consulting firm) she is working as a consultant in the Health Practice.

You will have the possibility to get in touch with Jana Tretter more personally during the FAQs and Coffee Session.

For organizational reasons, please register for the session.

Please click [here](#) to register by April 1st, 2019.
