Dr. Daniel Vitt, CEO of Immunic AG, co-founder of 4SC AG

6:20 p.m.

Discussion & Get together with founders, venture capitalists, investors, IP experts and technology transfer managers over a snack.

The aim of this Entrepreneur Club is to connect new start-up founders and founders-to-be with experienced founders and entrepreneurs, venture capitalists, investors, lawyers, intellectual property experts and technology transfer managers in order to foster the exchange of knowledge,

expand your network and get answers to the most frequently asked questions for setting up a successful company.

This seminar series welcomes all researchers of the Center who are interested in turning innovative ideas into a new business.
