Registration:

Per this form by 19 November 2018.
Invoice will be sent on receipt.

ReMaT Research Management Training for Early Career Researchers

10 – 11 December 2018

Content and Aim of the Workshop

ReMaT is an intensive, interactive workshop, providing an introduction to a number of key topics relating to research management including project management, grant acquisition, and science and technology related entrepreneurship. ReMaT is especially tailored to meet the needs of early-stage researchers especially from the 2nd year of PhD studies onwards, but is also suitable for others involved in research, or in directing research. ReMaT delivers hands-on practical training in an intensive, yet effective workshop form over two days. There is a strong emphasis on European networking in the way the workshop is delivered: we encourage participation from many different countries and disciplines.

ReMat aims to give participants

- an understanding of the different contexts in which research operates – from academia to industry, from fundamental to applied research,
- an awareness of the skills needed to manage international, multi-disciplinary research projects
- knowledge of how to apply for research funding, from European sources and from private-sector funding bodies
- a foundation in the specific skills needed to fund, manage, disseminate and commercially exploit scientific research as a researcher
- opportunities for international networking

ReMaT has been conceived and developed as a project funded by the European Framework 6 Programme.

Programme Day 1

- 09:00 Registration and welcome
- 10:00 Contexts of modern research
- 11:30 Managing inter-disciplinary projects

13.00 Lunch

- 13:45 Case study analysis
- 15:15 Invention, innovation and the law
- 17:30 Europe in Hamburg
- 19:00 Networking dinner

Programme Day 2

- 08:45 Coffee
- 09:00 Acquiring research grants in Europe
- 11:15 Exploiting research & technology

13.00 Lunch

- 14:00 Open forum & discussion
- 15:00 Planning your career

16.30 Close

Timings are indicative only

Dr. M. Remmert-Rieper

M. Schofield, CEng FIET

Trainer

Monica Schofield, CEng FIET
Monica currently heads the Business Area Consultancy and Competence Development at Tutech and is Director International Cooperation. She is responsible for leading a team providing services for researchers at Hamburg University of Technology and external clients to help them make optimal use of the opportunities provided by European funding programmes for research, innovation and regional development. Monica has been involved with the Framework Programme as coordinator, evaluator and expert advisor since 1992.

Dr. Margarete Remmert-Rieper
Margarete joined Tutech in 2006 and has over twenty years' experience in offering trainings for different target groups including students. At Tutech she is responsible for the development and execution of training programmes for different target groups relating to topics of research and innovation management.
