The publication meets the requirements of the TUM Promotionsordnung § 8 section 2 d.

“During the research phase, each doctoral candidate needs to present and discuss his / her research project in the international scientific community. Usually this is done in the form of a paper or a conference contribution that are subject to peer review. The doctoral candidate proves the achievement [...] to his / her supervisor, who then confirms it [...]” (Statutory regulations TUM-GS § 15 section 5).
