

# Program

08.45 am Registration  
09.30 am Welcome  
09.45 am Lifetime stories

We will hear some short talks about different career paths after postdoctoral studies from several inspiring speakers. These stories highlight the diversity of the academic and non-academic job market and its prerequisites.

10.30 am The most important question we should all ask ourselves

11.10 am Panel discussion

During this panel discussion we will address important success factors that are relevant for Postdocs when making critical decisions along their career paths.

12.55 pm Keynote address  
(Prof. Dr. med. Dr. h.c. Matthias Tschöp)

01.00 pm Lessons from a career in Team Science

## Third party funding:

Take the chance to ask your questions about grant applications in a comprehensive Q&A section and get in contact with the respective contact persons.

## Leadership and management:

Become aware about the different aspects of leadership and management in academia.

## Alternative careers:

Get an overview on various career opportunities and job profiles that exist for scientists inside and outside of academia.

02.00 pm Parallel workshop session

- Third party funding
- Leadership & management
- Alternative careers

03.45 pm Science slam

05.15 pm Rooftop BBQ

Prof. Dr. Oliver Eickelberg,  
UC Denver

*Your Postdoc time is likely one of the best times in your professional careers, the foundation you build during this time prepares you for a successful journey in science or related disciplines. When you look back at this time in the future, what would you ask your younger self?*

Prof. Dr. Eleftheria Zeggini,  
Helmholtz Zentrum München

*The keynote speaker for the Postdoc Day is Eleftheria Zeggini, head of the Institute for Translational Genomics at HMGU. She will talk about navigating a career in science while not forgetting the actual science part.*

Alexandra Klein and Nicholas Del Grosso from **Munich Science Slam** will guide us through this exciting event, where Postdocs of the Center compete for attractive prizes!
